

THE CITY OF SAN DIEGO

Miramar Landfill Clean Fill Dirt Program

The City of San Diego's Miramar Landfill (Landfill) may accept clean fill material for use as daily cover and resurfacing of the tipping decks. Daily information about the Clean Fill Dirt Program, and whether clean fill material is currently being accepted, is available by calling the Clean Fill Material Hotline at 858-492-6167. There is currently no charge for accepting clean fill material at the Miramar Landfill, but the City reserves the right to charge for the acceptance of clean fill material at the Landfill in the future, at the City's sole discretion.

Terms and Conditions

Cover material **MUST BE** clean, sandy/ clayey soils. It **MUST NOT** contain rocks larger than six inches, nor have any concrete, asphalt, shot rock, organic debris or trash. It **MUST NOT** be a hazardous waste or a designated waste. It **MUST NOT** be contaminated with volatile organic compounds, semi-volatile organic compounds, PCBs, or pesticides.

The Landfill staff reserves the right to reject and ban material from a project site if the material is found to be contaminated or unsuitable for the daily needs of Landfill operations.

A maximum of five (5) trucks may be allowed to transport Clean Fill Dirt to the Miramar Landfill from each approved jobsite per day.

Material from each project site must be approved in writing by the Landfill staff prior to acceptance as "clean fill". A daily voice message recording is made available stating whether clean fill will be accepted that day.

A copy of your approved Miramar Landfill Clean Fill Dirt Program Application must be provided to City staff as requested for each load of clean fill dirt delivered to the Miramar Landfill. **Drivers that Cannot Provide a Copy of the Correct Approved Application Will Be Rejected.**

The party or parties responsible for contaminated or unsuitable soil as determined by the City will be responsible for all costs incurred by the City for managing contaminated or unsuitable soil, including but not limited to staff time, equipment and materials, analytical testing, disposal, and possible legal fees. Repeat offense may be grounds for escalating penalties or restrictions up to and including prohibition from using the CFDP.

The City **DOES NOT** guarantee the right or ability to freely accept clean fill material for an entire project. As previously noted, Landfill operations may not have a need for clean fill material, in which case, it will not be accepted. Please call the Clean Fill Material Hotline at 858-492-6167 for daily information.

Agreement to Terms and Conditions

By delivering Clean Fill Dirt to the Miramar Landfill, the GENERATOR and HAULER:

- Agree to the Miramar Landfill Clean Fill Dirt Program Terms and Conditions that are currently in effect. *The Terms and Conditions are periodically updated as necessary by the City.*
- Have read, completed, and submitted the Miramar Landfill Clean Fill Dirt Program Application.

All loads are subject to inspection and testing upon arrival at the Landfill and must conform to the Miramar Landfill Clean Fill Dirt Program Terms and Conditions.
